

Brackenfell

Cape Town, South Africa

Why Cape Town's Brackenfell Campus?

With over 25,000 square meters of space and master planned with over 18MW available IT power, clients have room to grow. With its world-class data center infrastructure and network dense ecosystems, this location forms a vital part of the African Internet's backbone, allowing customer access to numerous service providers and clouds.

Whether you are serving up Internet content, financial data, or cloud-based services, the facilities in the

Brackenfell campus provide an efficient, secure, and resilient location for clients to address their increasing power and space needs.

Location

Located in Brackenfell, on the **northern outskirts of Cape Town**, and conveniently placed within short travelling distances of the Stellenbosch, Paarl and Durbanville winelands. CT2, the Brackenfell data center facility is an extension of Teraco's Cape Town data center campus.
