# Mombasa
Kenya

Why Mombasa (MBA1, MBA2)?

A master-planned campus with over 18,000 square meters of space and more than 10 MW available IT power, clients have room to grow. With its world-class data center infrastructure and network dense ecosystems, this location forms a vital part of the African Internet's backbone, allowing customer access to numerous service providers and exchanges.

Whether you are serving up Internet content, financial data, or cloud-based services, the facilities in the Mombasa campuses provide an efficient, secure and resilient location for clients to address their increasing power and space needs.

Mombasa
