

Zurich's newest data centre offers an ultra-secure, scalable infrastructure with best-in-class connectivity

Digital Realty's newest Swiss data centre is located just 5 minutes from Zurich Airport. The state-of-the-art Campus with now 3 Datacenters increases its available space by 11,400 m². It offers access to over 50 carriers/ ISPs and many cloud providers.

Trust one of the most secure and flexible facilities for your mission-critical applications. Benefit from the highest security standards and latest technology that guarantee availability and performance.

ZUR3 was designed with a focus on energy saving and modular architecture.

Cost-effective air conditioning, advanced fire and water detection systems and a multi-level security concept protected by five physical security barriers as well as the most advanced alarm and monitoring systems, make ZUR3 the most secure data centre in Switzerland.

Innovative companies interconnect at Digital Realty

Increase your competitiveness with the right infrastructure in the right place.

Our Zurich campus attracts a wide range of businesses and provides extraordinary flexibility to meet your growing space and power requirements. ZUR3 offers a number of ways to connect with the outside world. This includes direct access to major cloud platforms such as AWS, Google, MS Azure, Oracle and IBM, a variety of local clouds, and free connections to the Swiss Internet Exchange SwissIX.

Digital Realty Zurich is the only facility in Switzerland that hosts the Cloud network nodes (PoP) of Microsoft Azure, AWS and Google Cloud, providing the most direct access to these clouds.
