DIGITAL REALTY

Why Digital Realty's Osaka Campus?

A gateway for international exchange, our Digital Osaka data center campus provides a complete ecosystem for regional and global enterprises

Our KIX10 data center provides you with move–in ready solutions scalable from a few kilowatts up to megawatts of power. It is located 20 km from the city center and has more than 8,000 m2 of customer space, offering excellent diversity from a power, cooling, security and connectivity perspective. The facility provides customers with multi-rack, cage and private suites configurations
